Another Headache

If you are one of the many Americans who incurred legitimate medical expenses during 1970 and plan to deduct them from your income tax, you'd better be able to prove it.

The Internal Revenue Service, alerted to the possibility of large scale fraud on the part of those who claim medical bills which were in fact paid by insurance companies or other sources, has ordered a nation-wide crack-down on taxpayers who attempt to circumvent the law.

IRS auditors will demand more evidence than ever before regarding claimed medical payments. Even canceled checks and doctors' receipts no longer will be accepted as bona fide proof of payment. This year's return will ask: "How much of this fee was paid by an insurance company or by a union health and welfare program?"

Be careful how you answer. The IRS will be going over many returns with the proverbial fine tooth comb in an effort to nip any scheme to deduct insurance covered medical expenses in the bud. So if you had any such expenses, and paid them yourself, you'd best hang onto every scrap of evidence concerning the payment. Otherwise, you could wind up paying Uncle Sam — with interest. — Macon (Ga.) News

Reasonable Rules

The University of California at Berkeley has proposed a code of conduct for its faculty members with such stiff penalties for violation as docking of pay, demotion and suspension without pay. Among the offenses listed are disruption of university functions and refusal to comply with orders given by university officials in emergency situations.

This seems a reasonable enough amount of cooperation for any employer to expect from his employees, whether on a college campus or in a business. Other universities troubled by disruption from within would do well to study the code as a possible means of getting their employees back on their side. — Greenville (S.C.) News

Judge Wesley Howard Dies at Texarkana

Texarkana—Judge Isaac Wesley Howard, 73, of Texarkana, formerly circuit judge of the Ninth Judicial District and chancellor of the Sixth Chancery District, died Wednesday.

A native of Provo, in Sevier County, he was a member of the Southwest Arkansas Bar Association and the First United Methodist Church and a Mason. Surviving are his wife, Mrs. Frances Mast Howard; a son, Isaac Wesley Howard Jr. of Texarkana; a daughter, Miss Elaine Howard of Texarkana; a brother, Harvey Howard of Texarkana; four sisters, Mrs. Lela Kemp of Little Rock, Mrs. Elsie McWhorter and Mrs. Robbie Sikes, both of DeQueen and Mrs. Waver Hairston of Prescott.

Funeral services were held Wednesday at DeQueen with burial in Redmen Chapel.

Farm Bureau Open House on Sunday

The Hempstead County Farm Bureau will have open house Sunday afternoon, from 2:00 p.m. till 5:00 p.m. February 14, 1971. The office is located at 900 South Main Street, Hope. The public is invited.

Farm Bureau members are proud of this new office building. The following officers welcome you: R. E. (Pete) Lively, president; Audrey Wilson, 1st vice president; Wayne Attebury, 2nd vice president; Mrs. Helen Plyler - Secretary; Thurman Ridding - Treasurer

Treaty Bans Nuclear Arms From Seabeds

By LEWIS GULICK
Associated Press Writer
WASHINGTON (AP) — Ceremonies today involving more than 60 nations mark the signing of the newest disarmament pact of the Atomic Age: a treaty banning nuclear weapons from the world's seabeds.

President Nixon was scheduled in fact paid by insurance companies or other sources, has ordered a nation-wide crack-down on taxpayers who attempt to circumvent the law.

Earlier in the day, in Moscow, the treaty was signed by the United States, Britain and the Soviet Union and Premier Alexei N. Kosygin said he feels a sense of satisfaction that the pact was agreed upon and signed.

The treaty, Kosygin told the Moscow diplomatic corps, "is a first important step toward complete demilitarization of the sea."

He said the Soviet government "in the future, too, will not spare efforts to find solutions to urgent problems connected with stopping the arms race and disarmament."

Ambassador Jacob D. Beam signed for the United States in the Moscow ceremonies, while Foreign Minister Andrei A. Gromyko signed for the Soviet Union and Ambassador Sir Duncan Wilson for Britain.

Representatives of some 40 other countries also signed the document.

A similar ceremony was scheduled in London. The treaty, approved by the United States and the Soviet Union in two years of negotiating at the Geneva disarmament parley, won United Nations endorsement by a 104-2 vote last Dec. 7. It will take effect when 22 of the signers ratify it.

Since then treaties have been signed banning nuclear tests in the atmosphere, keeping atomic weapons out of space and Latin America and limiting the spread of nuclear weapons.

Diplomats have found it's a lot easier to bar weapons from places where they are not already placed than to curb existing arms races.

Proposals to limit the biggest nuclear arms race of all—between the United States and the Soviet Union—have made little progress since talks begun between the two superpowers in Helsinki in 1969.

Soviet Ambassador Anatoly F. Dobrynin, slated to sign for Russia at the Washington ceremony, said: "We have signed treaties for the air and for under the sea; some day I hope we will sign something for the earth."

Sponsors say the newest treaty covers underwater areas comprising about 70 per cent of the earth's surfaces, starting 12 miles offshore from national coastlines.

Legislative Report on Bumpers' Plan to Hike Taxes by \$26 Million

By MACK McLARTY
State Representative Hempstead County

Last week Governor Bumpers addressed the joint Senate and House and presented his requests for taxes which, of course, is the unpopular task for any Governor.

His request for a \$26 million increase in general revenues was frankly, considerably smaller than most veteran legislators had anticipated. The real surprise is that the Bumpers tax program contained requests for taxes from sources which before have always been exempt. It is considered by most a well-rounded program — "something from everyone," if you will.

In essence the additional revenues must come from two sources: (1) the repeal of several sales tax exemptions (2) a more graduated personal income tax. Even about 43 per cent of the personal income tax increases — some 6.5 million or a full 1/4 of the total tax package — would be paid by the federal government because of deduction allowed on payment of state income taxes.

Governor Bumpers called this program "one of the fairest tax systems in the United States."

California Earthquake Toll Now 51

By THE ASSOCIATED PRESS
LOS ANGELES (AP) — With the known death toll in the California earthquake at 52, Mayor Sam Yorty has extended for 48 hours the evacuation order for 80,000 persons living below a cracked dam which might crumble if another sharp tremor occurs.

The count of those injured in the quake rose to 1,000.

Workers continued to sift ruins of a Veterans Administration Hospital wing where 34 bodies had been found. Four patients and five nurses were still missing.

Estimates of property damage in the quake area exceeded \$300 million.

Yorty said Wednesday residents would not be arrested if they are found in the 20-square-mile area of the sprawling San Fernando Valley menaced by the cracking of the dam in the earthquake Tuesday morning.

"But it would be very prudent for a family not to risk its life before this 48-hour period is up," he said.

Huge pumps sucked water from the Van Norman Lake Dam reservoir, 10 miles from the earthquake's center, to lessen the chance of a flood disaster.

Merit Plan Approved for State Workers

J. R. BENNETT

By ROBERT SHAW
Associated Press Writer
LITTLE ROCK, Ark. (AP) — Gov. Dale Bumpers' bill creating a comprehensive merit system for state employees won approval Wednesday in the Arkansas House.

In the Senate, approval was given to a bill to transfer the Welfare Department's authority over child care facilities to the Health Department.

The Senate also adopted two critical amendments to the administration's scenic rivers bill, probably dooming the proposal in this legislative session.

The House passed the merit system bill 55-39 and sent it to the Senate after rejecting an attempt by Rep. W. H. Thompson of Marked Tree to put the measure back in the State Agencies Committee for further study.

Legislator Asks Where Are the Reforms That Bumpers Talked About

By ROBERT SHAW
Associated Press Writer

LITTLE ROCK (AP) — Rep. George E. Nowotny Jr. of Fort Smith, one of two Republicans in the Arkansas House, asks of Gov. Dale Bumpers' \$26 million tax package: Where is the reform Bumpers talked about during the gubernatorial campaign?

Nowotny said Wednesday that some of the proposals in the Bumpers program represented a move toward reform, but he said the package — the income tax — constituted only "add-on taxes," an "escalation of rates."

"When you talk about reform, you're basically talking about the income tax," Nowotny said in an interview. "But there is nothing in it (the Bumpers bill) except a straight across-the-board increase, plus the addition of taxes."

Post Office Holidays Are Listed

Hope Post Office has been directed to comply with Public Law 90-363, effective January 1, 1971, according to Post Master A. D. Brannan. The law sets up nine legal holidays.

Washington's birthday will be observed the third Monday in February which is February 15. Memorial day will be observed the last Monday in May which is May 31.

July 4 observance will be the same as in the past.

Labor Day will be the first Monday in September which is the 6th.

Columbus Day is the second Monday in October which is the 11th.

Veterans Day is the fourth Monday in October or the 25th. Thanksgiving is the fourth Thursday in November which is the 25th.

Christmas observance is the same as in the past which is Saturday.

Judgment of \$27,146 for 1-30 Land

In Hempstead Circuit Court this week with Judge John Goodson presiding one criminal and one civil case was heard.

Bobby J. Palmer, accused of receiving stolen property in connection with the Keith's Jewelry Store robbery, entered a plea of guilty and was given a general sentence three years which was suspended on good behavior.

Arkansas Highway Department vs Lacie Rowe involving land taken for Interstate 30 a judgment for \$27,146 was awarded to Mr. Rowe.

Rogers Endorses Plan for Asian Conference to Halt Indochina War

By CARL P. LEUBSDORF
Associated Press Writer
WASHINGTON (AP) — Secretary of State William P. Rogers has endorsed a proposal that a conference of Asians, including Communist China and the Soviet Union, be convened to write a lasting peace for Indochina. But official Soviet sources today rejected the idea of a "new Geneva."

"We would support any kind of conference for peace in Indochina," Rogers said. But he noted similar overtures in the past were boycotted by the Communists and thus were fruitless.

Official sources in Moscow said their government, a co-chairman with Britain of the several previous Geneva conferences on Indochina, are not interested in calling together a new parley. The sources made clear that the Soviet opposition is due to the fact that the Soviet Union is not a party to the Geneva Convention.

Man Hangs Himself in Local Jail

Theodore (Ted) Helmick, 36, a laborer, hanged himself with his belt in Hempstead County jail Wednesday afternoon. The body was found about 2:40 p.m.

Hempstead Coroner J. T. Honeycutt ruled suicide following an examination. He said Helmick, who was alone in a cell, had been dead approximately two hours when his body was discovered by City Policemen when they took a prisoner to the jail.

Helmick was arrested for drunkenness by City Officers about 10:40 a.m. after a member of his family called them, Police Chief Alvin Willis said. Officers had to restrain him several times when he tried to jump out of the police car en route to jail, Mr. Willis said.

He is survived by his wife, Mrs. Jettie Helmick; two sons, Miles and Robert Helmick and a daughter, Linda Helmick, all of the home.

Services will be held at 10 a.m. Friday at Oakcrest Chapel by the Rev. Harley Sisson.

Offers New Plan for Cossatot Dam

LITTLE ROCK (AP) — Richard S. Arnold of Texarkana proposed Wednesday the redesigning of the Gilliam Dam project on the Cossatot River so that it would store water only during periods of heavy rainfall.

Arnold, attorney for four conservation groups seeking to block construction of the dam, suggested the dam be built so the river would continue to flow through the dam except when it was needed for flood control purposes.

U.S. District Judge G. Thomas Eisele concluded a three-day hearing late Wednesday on a suit seeking a permanent injunction to block construction of the dam. Arnold's suggestion came during the final day of the hearing. Eisele took the issues under advisement.

Confirmation Is Expected

WASHINGTON (AP) — The Foreign Relations Committee has approved and sent to the full Senate the nomination of George Bush to be U.S. ambassador to the United Nations.

Youth Charged With Murder

LITTLE ROCK (AP) — Police said Royzell Eugene Acker, 18, of Little Rock was charged with murder late Wednesday afternoon with the shooting death of a Little Rock man earlier in the day.

Officials said Robert Lee Ruggs, 38, was fatally shot in the chest with a small-caliber pistol in the front yard of his home.

Marines Are Poised Near Neutral Zone

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — U.S. Marines of the 3rd Division have returned to the Vietnam war for the first time in more than a year, poised for combat should the North Vietnamese cross the Demilitarized Zone in retaliation for the South Vietnamese campaign in Laos.

A helicopter carrier and other ships of the U.S. 7th Fleet brought a 1,500-man landing team with tanks and artillery from the division headquarters on Okinawa to the coast below the DMZ.

The Marines remained aboard the ships, ready for a landing to reinforce U.S. and South Vietnamese troops should the Communists launch an offensive with elements of three North Vietnamese divisions believed to be within striking distance of the DMZ.

Nine thousand U.S. troops that normally operate along the DMZ were moved west to the Laotian border last week to act as a blocking force for the 10,000 South Vietnamese troops that have crossed into Laos in a campaign to cut the Ho Chi Minh trail. Another 3,000 to 5,000 South Vietnamese troops were shifted to the east this week, to protect the eastern border of the DMZ.

The 3rd Marine Division once patrolled the rugged mountainous jungle below the buffer zone. It was withdrawn from Vietnam in November 1969.

In the Laotian operation, South Vietnamese headquarters announced that its forces had captured six Russian trucks used by the North Vietnamese, 14 82mm mortars and four 122mm rocket launchers.

South Vietnamese troops who Wednesday occupied the town of Sepone, 25 miles inside the Laotian panhandle, reported they blew up two large ammunition dumps on their drive to the town. There was no announcement of the amount of ammunition in the dumps.

The allied commands said Sepone was a major supply center and transshipment point on the enemy supply network from North Vietnam down to Cambodia and South Vietnam.

Enemy Claims U.S. Fighting Inside Laos

By DAVID MASON
Associated Press Writer
PARIS (AP) — The Viet Cong claimed today that 10 battalions of American infantry, artillery and armor are fighting inside Laos, and more U.S. forces are massed to enter the country.

The charge was made by Mrs. Nguyen Thi Binh, foreign minister of the Viet Cong's Provisional Revolutionary Government, as she entered the 102nd session of the deadlocked Paris peace talks.

President Nixon has sent Congress wide-ranging proposals designed to purify the nation's waters and reduce the din created by the nation's technology.

Urban Areas Show Trend to Segregate

By BILL NEIKIRK
Associated Press Writer
WASHINGTON (AP) — A new Census profile shows the socially explosive trend toward racial separation accelerated in the nation's largest urban areas during the last decade, with no letup evident for the future.

The dramatic increase toward increasingly white-dominated suburbs ringing black inner cities was noted in figures released Wednesday concerning the nation's 67 largest metropolitan areas.

Four central cities wound up the 1960s with populations more than half black—Washington, D.C., with 71.1 per cent Negro, Atlanta with 51.3 per cent, Newark, N.J., with 54.2 per cent, and Gary, Ind., with 52.8 per cent.

The 1960 Census counted only one city, Washington, D.C., where blacks outnumbered whites.

"Increases in the black populations of the central cities proved to be both large and widespread, thus changing the racial mixture substantially," the report said.

The report showed 54.1 million whites, an increase of 12.4 million over 1960, now live in the suburbs of the 67 urban areas.

Negroes in the suburbs numbered 2.5 million, an increase of only 762,000 over 10 years ago for a gain of three-tenths of one per cent.

At the same time, the number of blacks in the core cities climbed 3.4 million to a total of 12.5 million. The white population of the central cities dropped by 2.5 million to 39.8 million.

The continued growth of the urban areas along racial lines was cited two years ago by the National Commission on the Causes and Prevention of Violence as a dangerous social trend.

"The poverty and social isolation of minority groups in central cities is the single most serious problem of the American City today," the report said.

In 1968, the National Advisory Commission on Civil Disorders said the flight of more affluent whites to the suburbs create a fourfold dilemma for the core cities.

While fewer tax dollars come in, it said, more tax dollars are required to meet the needs of expanding lower income groups. But, it said, each tax dollar buys less because of increasing costs, causing citizen unrest.

The Census report showed that seven other central cities have Negro populations surpassing 40 per cent.

They are Detroit, with 43.7 per cent black; St. Louis, 40.9 per cent; Baltimore, 46.4 per cent; New Orleans, 45 per cent; Wilmington, Del., 43.6 per cent; Birmingham, Ala., 42 per cent; and Richmond, Va., 42 per cent.

In Chicago, the white population of the inner city dropped by more than 500,000. In Detroit, it fell by about 345,000. In St. Louis 165,000 and Newark, 98,000.

Lockheed to Lay Off 6500 Workers

BURBANK, Calif. (AP) — Union leaders have demanded intervention by President Nixon into problems of Lockheed Aircraft Corp. and Rolls Royce which have led to the layoff of 6,500 Lockheed workers.

Lockheed announced the employment cutback Wednesday, blaming it on the financial troubles of Rolls Royce, the British firm that had contracted to supply \$435 million worth of engines for Lockheed's new TriStar jetliners.

Meanwhile, Daniel J. Haughton, Lockheed board chairman, said he would fly to London next week to meet with Rolls and British government officials.

James Quillin, president of District 727 of the International Association of Machinists and Aerospace Workers, said Nixon should get productive negotiations under way between Lockheed and the British government.

If necessary, Quillin said, the talks should involve the U.S. and British governments directly.

Of Lockheed's 28,000 employees, 15,000 have been working on the TriStar.

Vietnam Religions
Buddhism is the basic religious philosophy of the Republic of Vietnam but more than 90 per cent of the people are Buddhist. 10 per cent are Roman Catholic.

M—Missing, T—Trace

Irregularities in Funds in Crittenden

LITTLE ROCK (AP) — Rep. Walter Day of Blytheville, chairman of the Legislative Joint Auditing Committee, said Wednesday that there was some doubt about whether the committee was empowered to operate when the legislature was in session.

The committee met Wednesday in a special session to hear reports of alleged irregularities by the Crittenden County clerk in the handling of public funds.

Legislative Auditor Orvel Johnson, who submitted the report to the committee, also increased by \$10,000 the amount allegedly involved in irregularities by the sheriff.

Johnson's report was addressed to the committee, which, as prescribed by law, referred the data to Gov. Dale Bumpers, who is expected to forward it to Prosecutor Gerald Pearson of Jonesboro.

The report said that a total of \$62,917.97 was involved in irregularities by Sheriff and Collector Marion Thomas. It also said \$9,267.39 was involved improperly in financial arrangements by County Clerk A. B. Carter.

An earlier report from Johnson said that \$26,365.17 had been misappropriated by the sheriff. A subsequent report by a private accountant, Clarence Johnson of Blytheville, had alleged that about \$52,000 had been involved in irregularities by Thomas.

Thomas has been charged with 10 counts of embezzlement, but was acquitted last year when tried on two counts. The other counts are pending.

The question of whether the committee legally existed Wednesday was centered around Section 13-1508 of state law that provides that the legislative auditor shall report evidence of improper financial practices to the General Assembly when it is in session. Another statute stipulates that the legislative audit committee ceases to exist when the General Assembly is in a regular session.

Its Colors
Green is the color most commonly seen in the aurora borealis or northern lights. When the light is especially strong, pale or even deep red is also visible toward the poles.

Astronauts Leave Ship for Samoa

By THE ASSOCIATED PRESS
BOARD USS NEW ORLEANS (AP) — Apollo 14's moon astronauts today fly off this recovery carrier to Samoa and transfer to a plane for a flight to Houston's Manned Spacecraft Center.

Alan B. Shepard Jr., Edgar D. Mitchell and Stuart A. Roosa depart the ship when the New Orleans steams within helicopter range of Pago Pago, American Samoa.

The astronauts have been quarantined in a trailer-like isolation van aboard the ship since they were plucked from the South Pacific Tuesday after a bull's-eye landing that climaxed man's third moon-landing mission.

For the helicopter transfer they wore special biological masks to prevent them exhaling germs.

At Pago Pago they move into another quarantine van aboard a C141 jet transport for a trip to Houston, arriving about 1 a.m. Friday.

They will be quarantined in the Lunar Receiving Laboratory until Feb. 26 with 12 other persons including engineers, medical technicians and cooks.

Apollo 14's isolation might be the last for astronauts returning from the moon. It was ordered for this mission, just as it was for Apollos 11 and 12, because the astronauts visited a new type of lunar terrain. Some scientists believe that the ancient Fra Mauro highlands where Shepard and Mitchell explored could possibly harbor organisms that don't live in the relatively flat plains where the earlier astronauts landed.

"We certainly hope this will be the last one," said Dr. Robert Gilruth, Center medical director. "We have found no evidence of any living organisms whatsoever in both Apollo 11 and 12 and we learned from the Russians that they also found nothing in their Luna 16."

Riding in the quarantine van with the astronauts are Dr. William Carpenter, a space agency flight surgeon, and R. H. Culbertson, an engineer.

Carpenter is conducting extensive medical exams on the spacemen. He reported preliminary results show them in excellent health.

Shepard and Mitchell, who made two moonwalks totaling more than nine hours, returned to earth with no appreciable weight loss. But Roosa, who orbited the moon alone while the other two were exploring below, lost eight to 10 pounds, the doctor reported.

Roosa, who completed the nine-day journey without a scratch, was cut slightly when he bumped his head against one of the low ceilings in the van. The Apollo 14 command ship Kitty Hawk was placed next to the van and connected to it by an airtight tunnel, enabling Culbertson to enter and label boxes and bags holding the 95 pounds of moon rocks gathered by Shepard and Mitchell.

Half the collection will depart with the astronauts, reaching Houston late today. Scientists at the Lunar Receiving Laboratory are anxious to begin the extensive study because it is hoped the astronauts picked up samples dating back 4.6 billion years to the beginning of the moon.

Regulatory Agencies Are Reported Lax

By DON McLEOD
Associated Press Writer
WASHINGTON (AP) — The Presidential Advisory Council on Executive Organization said today powerful federal regulatory agencies "are not sufficiently accountable for their actions" and proposed stripping some of their autonomy.

The council recommended single administrators run agencies that now use multimember commissions to regulate among other things, transportation, power, stocks and bonds and consumer protection.

President Nixon released his council's report without comment, but said he wanted the council to study reaction to it.

Following evaluation of the reaction, Nixon said, "I will recommend to the Congress those reforms that appear desirable and in the public interest."

HOPE (ARK.) STAR, Printed by Offset

Obituaries

CINCINNATI, Ohio (AP) — The Rev. T. Lincoln Bouscaren, 86, prosecutor general of the Society of Jesus from 1948 to 1962, died Wednesday. In the position, second highest in the order, he acted as a liaison between the Jesuits and the Pope.

PORT WASHINGTON, Wis. (AP) — William F. Schanen Jr., 57, a weekly newspaper owner who continued to publish despite an advertising boycott that began when he refused to stop printing an underground newspaper, died Tuesday night, apparently of a heart attack. Schanen, publisher of the Ozaukee Press, said he only printed the underground Kaledoscope and had neither control over its content nor the right to influence it.

Life of Hughes to Be Filmed

HOLLYWOOD (AP) — Cinema 71 Inc. said today it would film the life story of billionaire Howard Hughes.

A spokesman said the company had acquired the screen rights to the "Bashful Billionaire," a biography of Hughes written by Albert B. Gerber.

Actor Divorcing Another Gabor

INDIO, Calif. (AP) — Actor George Sanders has filed a suit in Superior Court seeking to end his brief marriage to Magda Gabor, sister of his ex-wife, Zsa Zsa Gabor.

His petition Wednesday said that on Jan. 5, a month after their marriage, Sanders, 64, separated from Magda, 49, because of irreconcilable differences.

Utility Bills Ballooning Over Nation

By JEAN HELLER
Associated Press Writer
WASHINGTON (AP) — Many of the nation's electric utilities, hit broadly by ballooning fuel prices last year, are passing on the cost to consumers in higher electricity bills.

A nationwide survey by the American Public Power Association shows many municipally operated public power departments are paying greatly inflated prices for fuel oil, coal and natural gas to run generating equipment. In some instances, the costs over the year swelled by 150 per cent and more.

A spot check of some of the utility companies involved in the survey disclosed that many already have raised their electricity rates and that others plan to do so.

In 1969, the Electric Light Department of Freeport, N.Y., paid \$33,000 for fuel oil to run its generators. In 1970, the figure jumped to \$87,000, according to Ludovic Long, superintendent of the department.

"The average rate increase here has been \$2.10 a month," Long said in an interview.

Long said his customers are complaining about the rate increases and he isn't happy about it either.

At the end of 1970, the fuel oil price paid by the Public Service Department of Glendale, Calif., had risen to 252 per cent of what it was a year earlier. The Department already has increased its rates 6 to 7 per cent and more increases are likely, Assistant General Manager Howard Gulick said.

In Vero Beach, Fla., 1970 fuel oil costs were up 30 per cent and

natural gas prices up 20 per cent, said City Manager James Pride. If the increases continue into the summer, Pride said, the city will seek a fuel adjustment clause for the utility department. Such a clause permits the utility to pass on increased fuel costs to customers automatically.

"We haven't got the legal means to pass (the cost) on in utility rate increases, so we've just had to eat it," Pride said. "We can't eat it forever."

Among other utilities surveyed, the Carlyle, Ill., utility department paid 50 per cent more for its coal last year than in 1969 and then, to defray costs, switched to natural gas. Now gas prices are up 20 per cent and Supt. Virgil Bush says an electricity rate hike is "a good possibility."

Many of the utilities attributed the rising prices to fuel shortages and the need to obtain low-sulphur fuels to meet new air pollution standards.

Generally, municipally operated electric utilities were hit hardest last year by higher fuel costs. Unlike privately owned electric utilities, they are frequently prohibited by law from negotiating long-term fuel contracts and therefore are more subject to fluctuations in fuel prices.

Divorces Film Director

LONDON (AP) — Mrs. Stanley Donen has divorced the American film director on the ground of the "irretrievable breakdown" of their marriage.

The decree entered Wednesday was one of the first under Britain's new Divorce Reform Act legalizing this ground for dissolution of a marriage.

Mrs. Donen, American-born but now a British citizen,

Offers Plan to Purify U.S. Waters

By JAMES PHILLIPS
Associated Press Writer
WASHINGTON (AP) — President Nixon has sent Congress wide-ranging proposals designed to purify the nation's waters and reduce the din created by the nation's technology.

The package of environmental bills includes a plea for \$6 billion for a three year program to construct water treatment facilities, and authority for the federal government to muffle the silence-shattering shrieks, snarls and rumblings of construction and transportation equipment.

Some congressmen criticized Nixon's previous request for spending \$1 billion this year on municipal waste treatment facilities as too little.

Nixon's proposals submitted to Congress Wednesday call for \$2 billion to be spent annually over the next three years on waste treatment facilities, with greater flexibility to distribute the money where it is most needed.

A companion measure would create the Environmental Financing Authority to help cities raise matching funds by selling federal bonds to underwrite local bond issues.

In addition, the federal government would be given expanded authority to strengthen existing federal-state water quality standards applicable to include virtually all U.S. waters instead of being confined to interstate waters. Citizens could bring suit to force compliance.

Nixon also proposed banning waste dumping in the oceans, coastal waters and Great Lakes without a federal permit. And

Thursday, February 11, 1971

the Environmental Protection Agency would be given authority to prohibit all dumping of such toxic substances as mercury into the nation's waters.

Another funding measure would triple federal aid to state and regional water pollution control programs.

Nixon also requested authority to set noise standards on construction and transportation equipment and gasoline-powered machinery. The sole expectation would be aircraft which are already regulated.

Nixon proposed toughening pesticide controls by permitting the federal government to spell out in detail their uses, and to ban the sale or use any pesticide used in violation of federal regulations.

On matters relating to the land, the President proposed state or federal certification for construction and location of power plants and transmission lines, with location plans requiring five years advance notice.

Funds from the sale of surplus lands should be diverted from the Lands and Water Conservation Fund, Nixon said, and used to buy recreation lands in or near cities.

Another pair of measures would permit local governments receiving historic federal lands to maintain them with money-making activities on the property, and increase federal insurance for rehabilitation of historic residences.

KIDNEY DANGER SIGNALS
Getting up nights, burning, frequent or scanty flow, leg or back pains may warn of functional kidney disorders. "Danger Ahead." Give a gentle lift with BUKETS (take only 3 tabs a day for 4 days). Regulate passage, ease aches and pains or your a/c back. NOW at

Calendar of Events

Thursday, February 11

The Hope B & PW Club will have a dinner meeting at the Diamond Thursday, February 11 at 7 p.m. The Personal Development committee, Virginia Hosmer, chairman, will be in charge, and members of the Nike Club will bring the program.

There will be a Blevin's P.T.A. meeting Thursday, February 11 at 7:30 p.m. This is an important meeting, to celebrate Founder's Day. All parents and teachers are urged to attend.

Friday, February 12

The Hope Iris Club will meet Friday, Feb. 12, at 2 p.m. at the home of Mrs. Owen Nix, 512 South Bonner, with Mrs. W. I. Stroud as co-hostess. Mrs. Herbert Cox will present the program and members are reminded to bring a line arrangement, "A Breath of Spring".

Saturday, February 13

There will be an adult Valentines Day Dance at Hope Country Club Saturday, Feb. 13, beginning at 8:30 p.m. Admission will be \$1 per couple.

The Council of Catholic Women will have a bake sale in the Village Shopping Center in front of West Dept. Store Saturday, February 13 from 9:30 to 12:00. Proceeds will be used for new pews for the new Church.

Tuesday February 16

There will be a meeting Tuesday, February 16 at 7 p.m. in the Douglas Building to organize a "Bottle Collectors Club" for Hempstead County. All interested in collecting bottle and glass are urged to attend.

Circle No. 2 Meets

In the home of Mrs. Earl O'Neal was the meeting place of Circle No. 2 of WSCS of the First

Local Church Plans Special Meetings

"The Mission of the Church," will be the subject of study at the First Assembly of God Church, 322 N. Main for the week of February 15 until February 19. Rev. and Mrs. Robert Beckman from Chehalis, Washington will be the instructors.

These lessons will instruct the layman of the church of the mission and purpose of the individual of their spiritual responsibility.

Text books will be used but anyone desiring to attend can glean much without buying the text book as lectures, visual graph, and blackboard will be used in the lessons. The classes will be each night, Monday through Friday at 7:00 p.m. The Pastor, C.C. Truitt, invites the public to attend. Rev. and Mrs. Beckman will be ministering in both services of the church on February 21. They are good singers and very musical.

Baker HD Club Meets

The Baker Extension Homemakers Club met February 8 in the home of Mrs. L.R. Baker with Mrs. Woodrow Baker, co-hostess. Daffodils lent a touch of spring to the Baker home. Mrs. Woodrow Baker read Psalm 117, and the Lord's Prayer, led by Mrs. O.F. Lloyd, was repeated by all.

Members answered the roll call with "How I Make Eggs tasty." Mrs. Jim Stroud presented the program, "The Whys and Hows of Egg Cookery." Mrs. Ardell Clark gave excerpts from the paper, "Family Highlights."

Since Mrs. Merlin Cox has resigned, her position as secretary-treasurer was filled by Mrs. Otis Taylor. It was decided to hold a White Elephant Sale at the March 8 meeting in the home of Mrs. O.F. Lloyd.

The door prize went to Mrs. Lloyd, and several members received Valentine packages from their Secret Pals. Chips, cake and punch were served to 12.

P.E.O. Chapter Meets

The lovely home of Mrs. Frank McLarty was the setting for the meeting of Chapter AE, P.E.O., Tuesday afternoon, February 9. The president, Mrs. Crit Stuart, Jr., conducted a routine business meeting and read her annual President's Letter.

For the program, Mrs. Ray Lawrence discussed "State and Local By-Laws." A Valentine motif was used for the salad plate served with coffee to 19.

Duplicate Club Play

The Hope Duplicate Bridge Club had three tables of players when it met at the Diamond on Monday, February 8. Winning couples were: first, Mrs. R.L. Broach and Mrs. Comer Boyett; second, Mrs. J.C. Broyles and Mrs. E. P. Young, Jr.; third, Mrs. George Robison and R.L. Broach.

Coming, Going

Lt. and Mrs. George R. McDowell and daughter, Mandy are back in Arkansas after a two year tour in Germany with the 64th Armored Division.

They have been visiting their parents Mr. and Mrs. Ray McDowell of Hope and Mr. and Mrs. Kenneth Parsley of Dardanelle and are now at home in Little Rock where he is associated with

Ministerial Alliance Picks Officers

The Hope Ministerial Alliance met recently and elected the following new officers: President-Rev. Norris Steele, Vice-President-Rev. Al Butler, Secretary-Treasurer - Rev. C.C. Truitt.

The membership of the Alliance is open to all pastors, associate pastors and assistant pastors of Hempstead County to whatever extent they wish to cooperate. Honorary membership may be extended by a vote of the Alliance to ordained ministers who are not active pastors of local churches. No formal "joining of the Alliance" is considered necessary or desirable, nor is any action of the Alliance ever to be considered binding upon any member.

The Alliance in its meeting on February 8 made plans for the Annual Easter Sunrise Services. It also voted to call to the attention of the public the nature of the Alliance is local in its scope. That The Hope Ministerial Alliance is not a member of any other organization, statewide, national, or international.

Russell Brown Auditing and Accounting Firm.

Those from Bodcaw attending the ribbon cutting ceremony of the new Bank of Ashdown, Sunday, February 7, were Mr. and Mrs. V. C. Brown, B. E. Brockman, Mr. and Mrs. Joe Brown, Mrs. Bill Russell, Mr. and Mrs. T. J. Goodwin, Barbara Goodwin, Mr. and Mrs. Jack Brockman, Mr. and Mrs. Earmon Allen, Mr. and Mrs. Willis May, and Miss Maudie May.

Bill R. Brown, president and chief executive officer, and a former resident of Bodcaw, is the son of Mr. and Mrs. V.C. Brown and grandson of B.E. Brockman.

Mr. and Mrs. E.P. Young, Jr. were visitors in Little Rock on Tuesday.

DAYAN IS A FAMOUS NAME, but in this case it belongs to an actor, Assaf, son of Israel's renowned defense minister. Young Dayan and wife, Arona Malkin, are in the United States to publicize his film, "Promise at Dawn."

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to YOUTH ASKED for it, care of Helen Help Us! this newspaper.

DON'T LET HISTORY REPEAT ITSELF

Dear Helen:

I'm 17, married, have a baby. When he isn't stoned, my husband beats me and calls me a slut. Maybe I deserve this. You see, I'm deathly afraid of men, especially ones who hit, and so I can't be a real wife.

But he's not helping. He won't keep a job. He's devil-mean when he drinks or takes pills. I'd almost rather have him stoned. He says it's my fault.

You see, Helen, my father hardly worked at all, was always high on something, and gave me a rough time. He molested a relative (I was there) and I was deathly afraid it would be me next. Later on, when I started dating (I was a "good" girl), I'd hear him telling my mother to get me examined because he knew I'd end up pregnant. That's just the surface of my ugly, dark memories. I lived in fear, and not just of beatings. My mother wouldn't leave "because of the children."

I guess I married at 16 to get away from that fear, but I was scared of sex, and my husband and I never hit it off. Or rather, HE hit...

I don't want my little girl to have the life I led, but I'm afraid to be on my own. Maybe I know why my mother never left. We're both scared of our shadows.

Helen, why did I do it, and what can I do now? —BEATEN DOWN

Dear Beaten:

Why is it that so often a young girl marries into the very same situation she got married to escape? Perhaps because desperation makes her blind, but most likely because she doesn't know any other kind of man exists or, in some strange masochistic way, cruelty attracts her. The worst part about a miserable childhood is that you continue living it all your life.

What can you do now? Take charge of your future, finally! Get some courage. Realize you don't have to live with a husband who "beats you when he isn't stoned." Take a good long look at your mother and say, "I'll change the family pattern!"

It isn't easy, being alone with a small baby to care for at age 17. But other girls have done it. Welfare will see you through until you can get a job. Above all, don't go home, or you and your child may never break out of this vicious circle. —H.

Dear Helen:

I went with a girl and she got too possessive, so we broke up. Before that, I didn't have much trouble getting dates, but since then, no luck!

See, every time I ask a new girl out, she either refuses on the spot or else she'll break the date a day later. Always some good excuse. I can't dig for reasons, naturally, but I'm beginning to think there's an invisible sign on me that says "Poison" or something.

I'm not repulsive. Why do I always strike out?

It isn't B.B. or B.O. so —HOW COME?

Dear H.C.:

If isn't what the advertisers warn against, then maybe you are "N.O.—G.O." with girls

because your possessive "ex" is still "P.O.ed" and spreading rumors—or threats.

Ask a friend to do some sleuthing for you. —H.

Dear Helen:

I read this in our local paper. It applies to some older people I know. Wish it applied to more: "Youth is not a time of life—it is a state of mind. It is a temper of the will, a quality of the imagination, a vigor of the emotions. It is a freshness of the deep springs of life. Youth means a predominance of courage over timidity, of the appetite for adventure over love of ease. This often exists in a man of 50 more than in a boy of 20. Nobody grows old merely living a number of years. People grow old by deserting their ideals." —ANONYMOUS

Knicks Feel Injury to Willis Reed

By THE ASSOCIATED PRESS
The New York Knicks are hurting because Willis Reed is in pain and Donny May isn't helping any by rubbing it in.

With Reed continuing to suffer on a pain-racked left knee, and a former New Yorker May pouring in 29 points, the Buffalo Braves belted the Knicks 106-99 in the National Basketball Association Wednesday night.

It was the fifth straight defeat for the defending champions, who announced after the game that Reed would spend five days in a New York hospital for examinations of his inflamed knee.

The officials didn't help the New York cause Wednesday night, either, by throwing the big center out of the hot-tempered contest when Reed disputed an offensive foul call.

After Reed left with 29 seconds left in the first half, the Braves steadily pulled away in the third quarter-building their lead to as much as 23 points.

Elsewhere in the NBA, Atlanta thumped Boston 114-102 and San Francisco whipped Seattle 133-122.

In the American Basketball Association, it was Utah 149, Kentucky 127; Indiana 115, Texas 104; Floridians 115, Pittsburgh 104 and Memphis 123, Denver 106.

May, obtained from New York in the off-season expansion draft, hammered his former mates with a 16-point first period and the Braves coasted to a 58-41 halftime lead. May and Dick Garrett then paced a Brave runaway in the second half before the Knicks tried to scramble back.

Dick Barnett, who had 21 points, helped New York battle to within seven points, 104-97, with 48 seconds to go. But the expansion Braves held off the Knicks to break a six-game slide.

Pete Maravich scored 28 points and made three key steals as Atlanta came up with a 13-0 spurt that helped bury Boston. The Hawks' scoring binge opened an 89-73 lead and they coasted to their sixth triumph in eight games.

Bill Bridges had 27 rebounds to spearhead the Hawks' 61-47 advantage on the boards. John Havlicek led the losers with 23 points.

Nick Jones scored 18 of his 28 points in the second period as San Francisco opened a 68-54 halftime lead over Seattle and coasted the rest of the way. Spencer Haywood topped the SuperSonics with 26 points, 13 in the final quarter.

Wolman Saw No Cases of Blackballing

CLEVELAND, Ohio (AP) — Jerry Wolman, former owner of the Philadelphia Eagles, says he saw no cases of blackballing players while operating the National Football League club.

Wolman testified Wednesday before a federal grand jury here investigating NFL operations. The jury, which reconvened Monday after a 24-day recess, was hampered by bad weather this week and recessed again Wednesday after hearing Wolman's testimony.

Tuesday's jury sessions were canceled because of a heavy snowstorm in this area. Court sources said the jury will not reconvene again before next week, and reports were that it might be in recess the rest of this month.

Wolman, who is seeking to regain control of the Eagles

Dukes From Dequense Win No. 12

By TED MEIER
Associated Press Sports Writer
The way the Debonair Dukes and the Raiders of the Rockies are going they likely will be given serious consideration for college basketball's major post-season tournaments, the NCAA and the NIT.

The Debonair Dukes from Duquesne University in Pittsburgh won their 12th straight by defeating Providence 85-80 Wednesday night.

The Raiders of the Rockies, alias Denver University, beat the Air Force 58-52 for their ninth in a row, their longest winning streak in 21 years.

Gary Nelson, with 25 points, and Jarrett Durham, with 20, combined for 45 points to pace the nationally 12th-ranked Dukes over the Friars. Nelson made nine of nine free throws and Durham seven of eight from the charity line.

Unranked Denver, now victorious in 12 of 14 games after losing six of seven in December, was led by Dave Bustion with 17 points.

South Carolina and LaSalle, the only teams in The Associated Press Top Twenty to play, besides Duquesne, rolled over Davidson 70-62 and Canisius 92-55, respectively.

John Roche led the 10th-ranked Gamecocks with 22 points. Bobby Fields tossed in 27 points for the 13th-ranked Explorers. He took up the slack when Ken Durrett, LaSalle's leading scorer, suffered a knee injury in the first half after getting 12 points.

Johnny Neumann, the nation's leading collegiate scorer, hit the nets for 46 points in leading Mississippi over Vanderbilt 94-88. Randy Denton of Duke tallied 33 points in pacing the Blue Devils over Wake Forest 83-78.

Key baskets by Greg Gary helped St. Bonaventure beat Long Island 84-60 and Greg Kohls threw in 23 to pace Syracuse over Army 57-46, the sixth straight defeat for the West Point Cadets.

In other games Louisiana State beat Florida 86-74, Virginia whipped Maryland 78-63, Auburn tripped Mississippi State 92-88, Navy humbled Virginia Military 65-47, Marshall trounced Toledo 88-66 and St. Peter's shaded Manhattan 87-85 on Ed Cierski's two free throws with 13 seconds left to play.

Foyt, Isaac Favorites at Daytona
DAYTONA BEACH, Fla. (AP) — A. J. Foyt and Bobby Isaac were favored today in a pair of 125-mile races at Daytona International Speedway that will determine 38 starters for Sunday's Daytona 500.

Foyt, who already is assured of the pole position for the \$200,000 classic, was to be at the head of 32 cars in the first race, scheduled to begin at 1 p.m.

Isaac, second fastest qualifier in 10 days of time trials and assured of Sunday's other front row spot, had the pole in the second race, to begin at 2 p.m. Twenty-nine other drivers were to line up behind him.

Foyt, three-time Indianapolis winner, and Isaac, the 1970 NASCAR grand national driving champion, elected to run in the two races because of the money. Each race pays \$5,000 to the winner.

Foyt's competition was expected to come from Pete Hamilton, the 1969 winner, who posted a qualifying lap of 179.472 m.p.h. in a Plymouth against Foyt's pole speed of 182.744 in a Mercury.

Other top runners in the Texan's group were two-time grand national champ Richard Petty, NASCAR's only \$500,000 winner, in a Plymouth; Fred Lorenzen in the STP Plymouth; 1969 winner Leroy Yarborough in a Mercury; and Donnie Allison in a Mercury.

Isaac, whose 180,050 m.p.h. gave him Sunday's other front row starting spot, lined up in front of top NASCAR regulars Buddy Baker and Bobby Allison in Dodge; three-time grand national champion David Pearson, and Richard Brooks who is driving a Dodge with the smallest engine in the field.

One international driver made the two-race field, another didn't. Vic Elford of England will drive a Ford in the first race. It was qualified for him last Saturday by ARCA driver

Mexico's Pedro Rodriguez, who had been assigned a 1971 Chevrolet, couldn't get the machine up to speed and didn't qualify for either race. However, he could start at the rear of the field in one of the heats, becoming eligible because he has had practice in the car.

Colorado Girl Wins Skate Title

By ROBERT H. JOHNSON JR.
Associated Press Sports Editor

SAPPORO, Japan 11 (AP) — Julie Holmes of Littleton, Colo., won the women's figure skating competition of International Sports Week Thursday, bringing the United States its first gold medal in the Pre-Olympic Games.

SAPPORO, Japan (AP) — A French girl physical education teacher who thought she was over the hill at 26 raced down the mountain Thursday to first place in the Giant Slalom and her second gold medal of the Pre-Olympic Winter Games.

Meanwhile, the three top-ranked entrants—two Russians and a Norwegian—took a wrong turn in the biathlon, a combination of rifle marksmanship and skiing. So the first three places went to two slower Russians and an East German.

A Russian world champion won the women's five-kilometer cross country race, but a 32-year-old Finn beat out another Russian world title holder for second place.

The results gave Russia five gold medals so far in International Winter Sports Week, a test of courses for next winter's Olympic Games. France and West Germany are now tied with two. Japan, Italy and East Germany have one each.

Annie Famose of France, who won the women's downhill on Sunday, sped down the grand slalom course on Mt. Teine in 1:29.56.

The biathlon medals went to Viktor Mamatov of the Soviet Union, who scored at 1:16:11.97; Rinnat Safin of the Soviet Union, 1:16:28.36; and Heinz-Dieter Speer of East Germany, 1:18:57.58.

Those weren't the best marks. Russia's Aleksandr Tikhonov, defending world champion, finished the course, he thought, in 1:13:17.60, followed by Tor Svendsberget of Norway, last year's silver medalist, in 1:14:54.22, and Aleksandr Uschakov of Russia in 1:15:38.91.

The trouble was, the judges said, that each of the three took a wrong turn that gave them a shortcut on one course.

Tikhonov first said a Japanese guide misdirected him, but the officials said there were no guides at that point. Then Tikhonov complained about the use of letters rather than numbers to mark the courses. Finally, the Russians said there weren't enough arrows to point the way.

The judges—two Swedes, two Japanese and a Russian—said the contestants had a week of training on the courses and should have known the way.

Alevtina Olunina of the Soviet Union, defending world champion in the 10-kilometer cross country won Thursday's five-kilometer event in 17:25.41. Marjatta Kajosmaa of Finland placed second in 17:28.34, beating out Russia's Galina Kulakova, last year's world champion in the event, who finished third with a clocking of 17:37.39.

Fleckman Gets Real Dope From Nelson

By BOB GREEN

Associated Press Golf Writer
PALM SPRINGS, Calif. (AP) — Marty Fleckman, a young man who turned a once-bright future into years of frustration and troubles, has a new golfing philosophy.

"Byron Nelson sat me down just after Christmas and gave me a talking to," Fleckman said Wednesday after taking the first round lead in the Bob Hope Desert Classic with a six-under-par 66 at La Quinta.

"He told me, 'You've got to quit trying to copy me.'"

"You got to take this knowledge that I'm trying to give you and apply it to yourself." "I admitted to him that I was trying to copy him," Fleckman said. "I was trying to copy his swing and you can't do that. Each person is built differently. Their muscles function differently in relation to each other and you just can't copy another person. That's what I was trying to do."

And he had a long series of difficulties in making that attempt.

Fleckman is a 26-year-old from Port Arthur, Tex., a University of Houston product who had a brilliant amateur career

TED WILLIAMS' EYES (top) were one of the reasons he compiled a .344 lifetime batting average. Reggie Jackson's eyes (center) needed help. Frank Quilley's eyes were all right once he got his nose out of the way.

Two Teams Undefeated in L.L. Play

Junior Olympic Basketball continued at Jones Field House last Saturday morning, with the results making league standings even closer. In the 9:00 o'clock game Herbert Burns trounced the J. A. West team 20 to 7. David Sisson had 8 points for Herbert Burns while Love and Cagle each got 4, and Morgan and Stuart each sank 2 points. Bruce Huddleston accounted for 5 points for West's while Steve Gough had 2.

In the second game Western Auto took Sherwin-Williams by the score of 23 to 9. Elvin Davis led all scoring with 11 points for Western Auto while East had 4 and Whatley, Alvin Davis, LaGrone, and Bishop had 2 apiece. Brad Joyce was high for Sherwin-Williams with 4 points followed by Rowe and Williams with 3 and 2 respectively.

At the 11:00 o'clock game Hope Builders managed to squeak by Crescent Drugs by the slim margin of 15-13. Sinyard and Waters each had 4 for Hope Builders while Lindsey and Martin had 3 and Geist had one point. Charles Harris was high man for Crescent Drug with 8 points while Frazier had 4 and Ferguson one.

In the last game of the morning, Tate Motor eased by Moore Bros. 12 to 9. Richard Haney led Tate Motor with 5 points while Smith, Connelly, and Harris each had 4, 2 and one respectively. Aaron Shepard pumped in 6 points for Moore Bros. while Wilson had 3.

League standing after five games:

	Wins	Losses
Western Auto	5	0
Tate Motor Co.	5	0
Hope Builders	3	2
Herbert Burns	3	2
Crescent Drugs	3	2
J. A. West	1	4
Moore Bros.	0	5
Sherwin-Williams	0	5

No games will be played this Saturday due to the State Junior Olympic Tournament to be held February 12 and 13 at the new North Little Rock Community Center.

that included leading the 1967 U.S. Open for three rounds.

He won his first start as an approved tournament player, the 1967 Cajun Classic.

And when he finished fourth in the PGA national championship the following year he was hailed as potentially the brightest young star on the pro tour.

But he has had nothing but troubles since.

He dropped out of an exempt status when he won only \$4,995 in 1969 and made but \$12,053 last year, less than covering expenses.

Fleckman, a darkly handsome, long-time admirer of Nelson, spoke candidly of his problems. "A lot of people say that Byron fouled me up," he said. "That's not so."

"I've never been a really consistent player, but even in college. I'd go along pretty good, then hit a wild shot. And when I hit one it's out of bounds or in the water," he said.

"To make a living out here you've got to be consistent. That's why I went to Nelson for help."

"Right now I'm encouraged. I think I'm on the right track. My mind is not so confused. At times I was so confused in my mind that I couldn't function physically. I think that's changing and I'm much more encouraged."

Palmer Has New Putter in Classic

By JACK STEVENSON

Associated Press Sports Writer

PALM SPRINGS, Calif. (AP)

— Battling to regain the winning touch which has evaded him 14 months, Arnold Palmer armed himself with a new putter.

With it he sank some long ones, up to 40 feet, and missed a trio of three feet or less in the opening round of the \$140,000 Bob Hope Desert Classic golf tournament.

His 67 going into today's second round at this desert locale left Arnie just one stroke off the pace of 26-year-old Texas Marty Fleckman who fired a six-under-par 66.

Also at 67 were Roberto Bernardini, the rookie PGA pro from Rome, Italy, and little known Bill Brask, Joe Carr and Larry Wood.

Attention centered on Palmer, three times the Hope tournament champion and golf's leading money earner who hasn't won a title since December, 1969.

"This putter is a different type than I've ever used," explained Palmer who has been having miseries on the greens. "It's a blade type with a flange on the back and center-shafted. The center shaft makes it different. The big thing was that the ball rolled so much better without too much effort. If it's rolling well, you'll get to the hole."

Surprisingly, Palmer's tee shots had a tendency to stray.

Boston and Chicago Tops in NHL

By HAL BOCK
Associated Press Sports Writer
Boston and Chicago have opened commanding leads at the top of the National Hockey League's East and West Division races but there are some tight battles going on behind both pace setters.

In the East, Toronto has closed to within three points of third place Montreal. The Leafs have spun off a six-game unbeaten streak, extending it Wednesday night with a 3-2 victory over Chicago.

In the West, Pittsburgh moved into a third place tie with Philadelphia Wednesday night, beating the Flyers 5-3. Minnesota is fourth, just one point behind the other two, after dropping a 4-3 decision at New York.

Elsewhere in the NHL Wednesday, Los Angeles upended Detroit 5-2 and California turned back Buffalo 5-1.

Toronto, disorganized and discouraged at the start of the season, has turned into one of the NHL's more solid teams since mid-December. The Leafs are 20-7-3 over the last 30 games and have moved solidly into the playoff picture. Not only that, but now they are challenging Montreal.

Toronto whipped the Black Hawks in Chicago with defenseman Mike Pelyk's goal in the last four minutes snapping a 2-2 tie. Four minutes before Pelyk connected, rookie Brian Spencer had tied the score for Toronto.

Dennis Hull scored both Chicago goals as the Hawks remained a fat 19 points in front of idle St. Louis in the West.

Pittsburgh exploded for four first period goals and whipped the Flyers to move into a third place tie in the West with the Flyers.

Defenseman Dunc McCallum's goal in the first minute rocked the Flyers and they never recovered with Keith McCreary, Greg Polis and Bob Blackburn all hitting before the period was over.

Minnesota almost pulled out a tie in New York after trailing by 4-0 in the third period.

Ted Irvine broke a 20-game scoring drought with two goals and two assists for New York before the North Stars closed the gap on goals by Bill Goldsworthy, Danny Grant and Charlie Burns.

Minnesota thought it had the tying goal with 2:06 left but referee Bryan Lewis disallowed it, ruling that Goldsworthy had kicked the puck into the Ranger net.

The victory moved second place New York within seven points of idle Boston at the top of the East Division.

Los Angeles erupted for four goals in the third period at the expense of Detroit and extended its home ice unbeaten string to five.

After rookie Dale Hoganson's unassisted goal in the second

STEPHEN RAY TURNER

Stephen Ray Turner son of Mr. and Mrs. Ray Turner of 518 South Bonner, Hope, Arkansas enlisted in the U.S. Navy on 2 February 1971 and is presently undergoing Recruit training at the U.S. Navy Recruit Training Command, at Orlando, Florida. Stephen first Enlisted at the Navy Recruiting Branch Station in Texarkana, and was sworn in at the U.S. Navy Recruiting Office in Little Rock, Arkansas.

Stephen Enlisted under the Navys 120 day delay program and upon going on active duty chose the Hospital Corps Field as his field of training. Upon graduation from Recruit Training Seaman Apprentice Turner will be granted 14 days leave to visit his family and friends prior to reporting to hospital corps school.

Stephen is a graduate of Hope High School. Petty Officer Louie E. McGuffie the local Texarkana Navy Recruiter says that Steve is a fine example of the quality of applicant the Navy is looking for and that he still has openings for young men interested in a career in the Navy.

Chiefs' No. 1 Pick Has Knee Trouble

KANSAS CITY (AP) — Elmo Wright, the Kansas City Chiefs No. 1 pro football draft selection, has undergone surgery to repair a slightly torn cartilage in his left knee.

Wright, who starred at the University of Houston as a wide receiver, underwent the surgery Wednesday so the knee would be rehabilitated in time for the opening of training camp in July.

A Chiefs spokesman said Coach Hank Stram was informed by Wright of the knee problem in a telephone call last week.

period gave the Kings a 1-0 lead, they built the margin to 4-0 before Rene LeClerc broke Denis DeJordy's shutout bid.

Mike Byers, Ed Joyal, Juha Widing and Bill Flett collected the other Los Angeles goals while Gordie Howe completed the Red Wings' scoring.

Three first-period goals by Norm Ferguson, Ron Stackhouse and Ernie Hicke carried California past Buffalo and snapped the Golden Seals five-game losing streak.

English Dancer Victorious at Oaklawn

HOT SPRINGS, Ark. (AP) — English Dancer, owned by W. L. Lucas, took over the lead at the quarter pole and drove to a half-length victory over stubborn Apache Way Wednesday to win Oaklawn Park's \$8,500 feature race.

Under ideal racing conditions, English Dancer finished the 5 1/2 furlongs in 1:04 2-5 seconds. The Oaklawn record for that distance is 1:03 3-5 set by Greek Castle in 1966.

As second choice in the betting, English Dancer returned \$8.40, \$5.00 and \$3.60. Apache Way returned \$4.80 and \$3.60 and How-Tum finished third by a neck to pay \$5.00.

The 8-5 favorite, Midnight Hour, running as an entry with Laydee Police, faltered in the stretch drive and finished fourth.

P. F. Mayboy stuck his head out in front coming out of the starting gate, but his lead was short lived as English Dancer, ridden by E. D. Keller, shot to the front along the rail and

Osborne in Upset of Spaniard

HAWTHORNE, N.J. (AP) — A strong serving Jim Osborne of Salt Lake City upset third seeded Manuel Santana of Spain 6-4, 6-4 in a second round match of the \$30,000 Clean Air Indoor Tennis Classic Wednesday.

Top seeded Cliff Richey of San Angelo, Texas, and Ili Nastase of Rumania, the number two seed, both won in straight sets to move into the quarter-finals.

Richey was down a service break in each set but managed to beat Tom Edelfsen of Los Angeles 6-4, 6-4.

Nastase, who last week won the Fidelity Invitational Tournament in Richmond, Va., trounced Spain's Manuel Orantes 6-2, 6-2.

Spain's Juan Gisbert was eliminated by sixth seeded Zeko Franulovic of Yugoslavia 6-4, 6-2.

Eighth seeded Thomas Koch of Brazil bested Dickie Stockton of Garden City, N.Y. 6-3, 6-4.

In matches involving the best of nine-point tie breaker, fifth seeded Clark Graebner of New York bet Jim McManus of Berkeley, Calif., 6-3, 7-6; seventh-seeded Tom Gorman of Seattle defeated Jim Connors of Los Angeles 7-6, 6-1, with a 5-4 victory in the tie breaking game the turning point, and Haroun Rahim of Pakistan overcame Joaquin Loyo Mayo of Mexico, 7-6, 6-4.

In Doubles play Gisbert and Orantes teamed to beat Alex Olmedo of Peru and Ingo Budding of Germany, 6-4, 3-6, 7-5. Stockton paired with Bob McKinley of St. Louis to defeat Mike Belkin of Canada and Richard Russell of Jamaica 6-2, 6-2.

HOPE (ARK.) STAR, Printed by Offset

Dolphins Are About Same in Statistics

NEW YORK (AP) — Coach Tom Wasdin of Jacksonville and Joe Williams, who coached the Dolphins last season, think alike ... and it shows in the college basketball statistics.

According to national Collegiate Sports Services, the Dolphins are close to their final 1969-70 figures, which saw them finish higher in more team categories than any major team in history.

Last season, they averaged 100.3 points a game, first team ever to pass the century mark. This time around, the average is 101.1.

In field goal percentage, Jacksonville is only No. 2 at .542, but surpassing their runner-up .523 of last season. With 54.1 rebounds per game, they're just a shade behind last year's 55.8. Average margin of victory is 21.4 compared to 21.8 and the record is 16-2 compared to 27-2.

"Joe Williams and I are very similar in our philosophy of basketball," says Wasdin. "We're trying to run a more organized fast break this season because we don't have Rex Morgan and we're trying to do a better job with our pressure defense. Our shooting percentage is better simply because we're getting more layups."

In the weekly statistics, three

SPORT SHORTS

By THE ASSOCIATED PRESS
MALAGA, Spain (AP) — Pal Benko of New York defeated Antonio Medina of Spain in 43 moves Wednesday to gain second place in the International Sun Coast Chess Tournament.

Arturo Pomar of Spain leads with seven points after eight rounds. Benko has six points.

DAYTONA Beach, Fla. (AP) — The National Association for Stock Car Auto Racing paid a record \$5,389,350 in prize money last year — an increase of \$347,420 over the previous season — and the ante will go up in 1971.

Bill France, founder and president of NASCAR, told an awards dinner Wednesday night that prospects are for a \$5.5 million payoff in a season that will include 54 events for the elite grand national cars and almost 3,000 races for sportsman and modified machines.

new leaders emerged—Marquette in scoring margin at 22.4, Indiana in rebounds with 59.9 per game and Fairleigh Dickinson in scoring defense with an average yield of 56.5. Holdover leaders are North Carolina in field goal percentage and Duke in free throw percentage.

Jacksonville's 7-foot-2 Artis Gilmore, who has never been out of the top spot in rebounding in his two-year career, remained there with a 22.5 average.

First Major Upset in Tennis Play

PHILADELPHIA (AP) — The first major upset was scored Wednesday night in the Philadelphia International Tennis Championship when power hitting Owen Davidson unseated second-seeded Ken Rosewall, a fellow Australian, 6-3, 6-4.

Davidson, who coached the British Davis Cup team last year, scored the important breakthrough of service in the fifth game of the second set.

Another upset of lesser importance saw No 12 seeded Fred Stolle, former Wimbledon and United States Champion from Australia, beaten 7-5, 6-2, by California's Bob Lutz. Lutz took the first set by rifling a service return to Stolle's feet.

Sixth-seeded Roy Emerson of Australia was challenged all the way by the noteworthy hitting of Ismail L. Shafie, UAR lefty, but beat him 6-4, 3-6, 6-2.

Bob Carmichael executed clever passing shots in beating fellow Australian Dick Crealy, 6-4, 6-4.

In the women's championship, where the first prize is \$3,000 as against \$10,000 for the men, top favorite Mrs. Billy Jean King of California was under heavy pressure in standing off Mrs. Mary Ann Curtis, American wife of English player Peter

Curtis, 6-3, 3-6, 6-2.

The fourth-seeded Francoise Durr of France scored a 6-1, 4-6, 6-2 victory over Valerie Ziegenfuss of California.

Two other seeded players advanced to the second round. The two, John Newcombe, the current Wimbledon champion from Australia, and Tom Okker of Holland, both profited from double faults on game points by their opponents.

Newcombe put out Roy Barth, a new American contract professional 6-2, 6-3. Okker scored by 6-1, 6-3 over Fred McMillan, a two-handed hitter from South Africa.

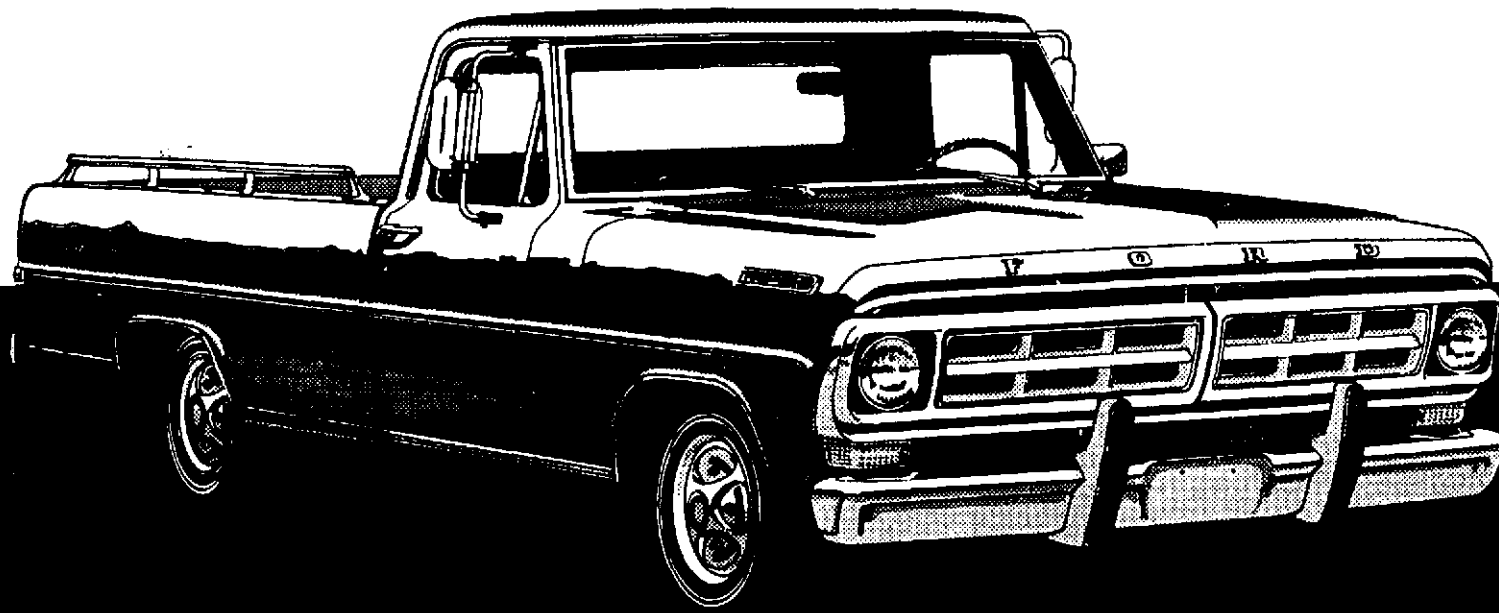

Roger Taylor, English left-hander and seeded No. 9 defeated Bill Bowrey of Australia 7-5, 6-2. Cliff Drysdale, another two-handed hitter from South Africa beat Allan Stone of Australia 6-2, 6-1.

In the women's first round of singles, Denise Carter defeated fellow California Kristy Pigeon 5-7, 6-2, 7-5, and Tory Fretz won a deep-court driving contest with Julie Heldman, a New Yorker, 6-1, 3-6, 6-0.

In line with naming autos after critters—we're calling

ours the "Opossum." It plays dead every time we try to start it.

PROGRESS REPORT TO THE MEMBERS OF OAKCREST BURIAL ASSOCIATION

Continuous growth, made possible by your loyalty and confidence, enables us to report the largest net cash reserve in our history...

As a member of the Oakcrest Burial Association, you can be proud of the fact that this cash reserve has grown to this amount by assessing our members ONLY (4) ASSESSMENTS PER YEAR.

All claims paid\$62,642.17 as of Feb. 9, 1971.

This cash, on deposit in every bank in Hempstead County, guarantees the protection we promise our members. Assuring you of financial aid when the need arises.

We also thank you for your splendid support in making this association the strongest in our county and providing all our people a choice in this area of very personal service.

OAKCREST BURIAL ASSOCIATION
Vance Marcum, Sec.

777-6772

P.S. REMEMBER, OAKCREST BURIAL ASSN. MEMBERS PAY ONLY (4) TIMES PER YEAR.

Tell your unprotected friends to call Oakcrest today. We'll give them the good news how pennies a day will insure them and their families. Real protection with a cash reserve to back it up.

Home on Leave

MICHAEL RAY ALLEN

Michael Ray Allen son of Mr. and Mrs. D. E. Allen of Hope, has completed his Recruit Training at the U.S. Navy Recruit Training Command at Orlando Fla., and is presently home on 14 days leave visiting friends and relatives prior to reporting to his school at Great Lakes Illinois. Mickey first enlisted in the Navy at the Navy Recruiting Branch Station in Texarkana and was sworn in at the U.S. Navy Recruiting Office in Little Rock, Arkansas. Mickey is a graduate of Hope High School, and attended Our Lady of the Lake University prior to enlisting in the Navy. Freeman Allen chose the Navy Nuclear Propulsion

Program as his field of training and will undergo extensive schooling in that field for approximately the next 2 to 3 years. Petty Officer Louie E. McGuffie the local Texarkana Navy Recruiter said that Mickey is a fine example of the type of young man the Navy is looking for and that he still has openings for qualified young men interested in such a career.

Failed at First
Fidel Castro failed in his first attempt to overthrow the Cuban regime of Fulgencio Batista in 1953, when he led an unsuccessful attack on a Santiago army barracks, according to Encyclopaedia Britannica.

Bill Seeks More Money From Racing

LITTLE ROCK (AP) — A bill was introduced Wednesday in the Arkansas Senate that would increase the state's share of monies wagered at Oaklawn Park and Southland Greyhound Park.

Sen. Bill H. Walmsley of Batesville, who introduced the measure, said the proposal would produce about \$290,000 in additional revenue each year.

State law presently provides that the state would receive 6 per cent of the wagers, but Walmsley would raise the amount to 8 per cent of the amount wagered in excess of \$800,000 each day at Oaklawn Park in Hot Springs and in excess of \$300,000 each day at Southland in West Memphis.

Sen. Guy H. "Mutt" Jones of Conway introduced a measure to require that the Arkansas Racing Commission hire an out-of-state firm to make urine, saliva or other tests on horses raced at Oaklawn Park.

The firm would be required to post bond of \$100,000 to indemnify the commission or any better at the track if the firm failed to properly perform the tests and report the results.

Sen. Oscar Alagood of Little Rock introduced a bill to exempt from the state income tax any pension or other retirement income received by any minister or preacher of any organized religion. The exemption also would apply to the survivor of any minister or preacher.

Sen. J. A. Womack of Camden introduced a bill that would permit a person to run for president or vice president while also being a candidate for U.S. senator or member of Congress.

Rep. Cal Ledbetter Jr. of Little Rock introduced a proposed constitutional amendment in the House that would permit the legislature to lower the voting age in the state to as low as 18.

Other proposed constitutional amendments have been introduced in the legislature that would lower the voting age to 18 without legislative approval. Ledbetter's amendment also would permit the legislature to submit up to eight amendments to the electorate at each general election, but any number above four would need the approval of two-thirds of the membership of each house of the General Assembly. The legislature is now limited to three proposed amendments it may submit in a general election.

The Ledbetter proposal also would require an automatic vote each 20 years on whether to call a constitutional convention if the question of calling a convention had not been submitted to voters during that period. Sens. Harold King of Sheridan and John F. "Mutt" Gibson of Dermott introduced a bill to establish a computer-based system for collecting and storing data on crimes and highway safety.

The King-Gibson bill is similar to an administration measure which the Senate defeated, but it does not provide a penalty for law enforcement officers who fail to provide data requested for the system. The measure also would impose a \$5,000 fine on anyone who disclosed information in the system to any unauthorized person.

Sens. Robert Harvey of Swift-on and J. A. Womack of Camden introduced a bill for a state constitutional amendment to require printing and binding requirements of the state to go to the lowest bidder, except where other requirements are furnished by the government or its agencies.

Sen. Burrell Thompson of Paragould introduced a bill to require railroads to clear debris after a derailment or a train wreck within 90 days of the incident.

Rep. Bennie Ryburn of Monticello introduced a bill to repeal all exemptions granted under the 3 per cent state sales tax.

Four representatives introduced a bill that would repeal the staggered system of motor vehicle licensing in the state and require annual registration of all passenger cars between Jan. 1 and Feb. 15 and of class one trucks between July 1 and July 31.

Rep. Bill Randall of Hot Springs introduced a bill to permit the issuance of more wholesale liquor permits to retailers for wholesale buying and distributing liquor at wholesale.

TO Film Life of St. Francis
ASSISI, Italy (AP) — Film director Franco Zeffirelli has started shooting "Brother Sun, Sister Moon," a study of the early life of St. Francis of Assisi.

Heading the cast when filming began Monday were two British screen newcomers, Graham Faulkner, 24, as St. Francis, and Judi Bowker, 16, as St. Clare. Songs for the movie were composed by Scottish folk singer Donovan.

Witness Says She Feels No Guilt

By LINDA DEUTSCH

Associated Press Writer

LOS ANGELES (AP) — "I feel no guilt for what I've done," said Susan Atkins, confessed killer of Sharon Tate. "It was right then and I still believe it was right."

"But how can it be right to kill somebody?" a defense lawyer asked.

"How can it not be right when it's done with love?" she replied.

Calm and deliberate, the tall brunette testified for a second full day Wednesday, elaborating on her earlier confession that she stabbed the beautiful blonde actress during a frenzied series of killings.

She asserted she was pressured into telling her story to a county grand jury by a prosecutor who threatened her with the gas chamber if she didn't testify.

She also told of dealings with a lawyer who, she said, talked her into telling her story, then sold it without her knowledge.

As a witness in the penalty phase of her trial and that of Charles Manson and two other women, she eagerly detailed her feelings during the act of killing. She said she felt merciless and guiltless.

"I believe I told Sharon Tate I didn't have any mercy for her at one time, and I don't expect any," she said.

Miss Atkins and her three co-defendants have been convicted of murder-conspiracy in the killings of Miss Tate and six others on two consecutive nights in August 1969. The jury must decide between life imprisonment or death.

The slender Miss Atkins, 22, in black pants suit and pink blouse, said the seven murders were planned as "copycat killings" meant to convince police that the slayers of musician Gary Hinman was still on the loose. She said it was hoped police then would release Manson "family" member Robert Beausoleil, under arrest and later convicted for that murder.

Chief defense attorney Paul Fitzgerald asked Miss Atkins, "Why were these people killed?"

"Because I believed it was right to do anything to get my brother out of jail," she said, referring to Beausoleil, "and I still believe it was right."

Q. Did you kill them out of passion or hatred?

A. No, I didn't know them that well that I felt anything about them.

Q. Do you feel remorse?

A. Feel remorse for what was right?... Feel sorry for what was right?

Dedicated Secretary

MISS OSIE DENNIS

Miss Osie Dennis, dictaphone typist, stenographer and secretary to the psychologist, psychiatrist and audiologist, is noted for her dedication and efficiency at the John Tracy clinic in Los Angeles, Calif.

Miss Dennis, daughter of Mr. and Mrs. J. P. Dennis of 1102 North Walker St., is a graduate of the former H. C. Yerger High School in Hope, Ark.

The John Tracy Clinic was founded by the late Spencer Tracy, one of Hollywood's most talented actors. It is an educational facility for pre-school deaf and hard of hearing children and their parents.

Miss Dennis has also been filmed in some of the movies used by the government for educating the deaf. Miss Dennis has made friends with families from Japan, China, South America and many places. She

says, "regardless of the language spoken, there is a way to let the family know we are here to help and understand you, your child and the presenting problem."

A correspondence program is available for parents with hearing impaired children, caused by Rubella (German measles) Meningitis and other diseases which bring about hearing impairments.

Miss Dennis is making arrangements to enroll at UCLA this spring for a course in child psychology and audiology.

"Blue Monday"
According to the lore of the sea, the expression, "Blue Monday," had its origin in sailing ship days when Monday was flogging day—and errant sailors were flogged until they were black and blue.

LET'S REFLECT: We live someone because. We live someone although. -Selected from Apples of Gold.

CALENDAR OF EVENTS

Sunday, February 14th, will be "Friends' Day" at Mt. Zion C. M. E. Church.

The morning message will be delivered by the Rev. R. C. Thomas of Dayton, Ohio; the 3:00 p.m. service will be conducted by Rev. J. L. Stuart. The public is invited to attend. Rev. Thomas Cherry, Pastor.

CORRECTION

Mrs. Rose Wilson, Mrs. Martha Thompson, and Mrs. E. L. Hicks are the sponsors of the "benefit basketball game" to be played at Yerger Junior High School Gym Saturday, February 13th, instead of the groups as previously announced.

Calls Off Trip Around World

PERTH, Australia (AP) — Cmdr. Bill King, a 60-year-old British yachtsman, has called off his attempt to sail around the world alone. He said he has hurt his hand on the trip out from England and couldn't go on.

King sailed from Plymouth, England, Sept. 12 in his 42-foot junk-rigged sloop Galway Blazer II. It was his third attempt to sail solo around the world. He landed in Fremantle Sunday after five months alone at sea.

"I won't try a voyage like it again," he said. "For a man of my age the strain is too much—both physically and financially."

Daylight Saving Time
Daylight saving time was first established by Congress in 1918 and 1919 and was removed until the enactment of "wartime" from 1942 through 1945.

Peace Envoy Offers Middle East Plan

By MARK ELIASON
Associated Press Writer
TEL AVIV (AP) — U.N. peace envoy Gunnar V. Jarring has submitted to Israel and Egypt his own proposal for a peace settlement in the Middle East, a Tel Aviv newspaper reported today.

Maariv said Jarring's plan would require Israel to withdraw from the Sinai Desert and retain the Gaza Strip. Both areas were occupied by Israel in the 1967 war.

The strategic Tiran Strait would go back to Egypt under Jarring's proposal, but a U.N. peace-keeping force would be positioned there to insure free shipping, the newspaper said.

Israel has said it wants to retain Gaza and also maintain a military presence on the Tiran Strait.

Under the Jarring proposal, Cairo would agree to a permanent peace and recognize Israel's territorial integrity.

The newspaper said that by making the offer, Jarring had abandoned his role as mediator in carrying peace proposals from one side to the other and for the first time was suggesting his own ideas.

Maariv said the proposal was secret and that no comment on it was available from either Israeli or Egyptian U.N. diplomats.

Informed Israeli sources had earlier expressed belief the Swedish envoy, who is conducting the Middle East peace talks at U.N. headquarters in New York, soon would make his own proposals to speed up solution to the 22-year-old conflict.

In an editorial, Maariv criticized Jarring's move as a "grave and dangerous deviation from (his) task of mailman" between the two sides.

Informed sources in Tel Aviv said that Israeli security men have broken an Arab guerrilla cell whose members posed as Israeli soldiers and threw grenades at Israeli facilities.

There were a flurry of guerrilla attacks early today along the Lebanese and Syrian borders with Israel.

A bazooka shell was fired at the Metulla settlement near Lebanon but caused no damage, an Israeli spokesman said.

Guerrillas also fired a bazooka at an Israeli army vehicle near Jebel Rous in the occupied Syrian Golan Heights. There were no casualties reported in the attack, and the commandos drew a barrage of Israeli mortar fire.

In Jordan, Palestinian guerrillas charged that a 600-men Jordanian army force supported by tanks attacked guerrilla positions on the eastern edge of Amman, killing or wounding several civilians.

Witnesses in the capital said intermittent firing began Wednesday night and continued until about noon today.

There was no immediate statement on the clash from the government of King Hussein.

Heavy firing was reported on the road to the Amman airport, and officials in Beirut, Lebanon, said the facility was closed.

It was the first heavy firing in Amman since a Jan. 13 cease-fire agreement between the guerrillas and Hussein's army, ending a wave of violence.

The firing followed a three-day conference by the guerrilla Central Committee that ended Wednesday.

Lightweight to Defend Title Friday

By BOB MYERS
Associated Press Sports Writer
LOS ANGELES (AP)—World lightweight champion Ken Buchanan of Scotland will defend his title as scheduled Friday night but it won't be against a former titleholder, California's Mando Ramos.

The 22-year-old Ramos—a kid with a long history of preflight jinxes — was forced to cancel out because of a severe groin injury incurred in a gym workout several days ago.

His replacement is Ruben Navarro of East Los Angeles—and the 23-year-old Mexican-American is no ordinary substitute. He is generally ranked No. 3 in the 135-pound division and has been beaten only twice in 29 ring encounters.

Regarded as more a boxer than a puncher, Navarro none the less has stopped 12 opponents and has won his last nine straight fights.

Navarro's manager, Johnny Flores, said the ex-East Los Angeles City College student is in top shape and has been training hard for a projected match Feb. 25 at the Olympic Auditorium with another title aspirant, Jimmy Robertson.

Navarro is the North American champion.

Aileen Eaton, the Olympic Boxing Club promoter who will stage the fight in the Los Angeles Sports Arena, said Buchanan, 25, will receive his original guarantee of \$50,000. Navarro will get \$15,000, \$5,000 less than had been guaranteed Ramos.

Ramos, Mrs. Eaton said, will be matched with the winner for the championship at a date to be determined.

Buchanan, who had been favored by a point or two over Ramos, figures to be a solid favorite over the less-experienced Navarro.

Buchanan won the title on a 15-round split decision from Ismael Laguna in Puerto Rico last Sept. 26. His record is 38-1. He has never been stopped and has scored 16 knockouts.

Ramos originally won the title on a ninth round knockout over the late Teo Cruz of Santa Domingo Feb. 18, 1969, and lost it to Laguna by a knockout on eye cuts in the ninth round in the Sports Arena March 4.

Ramos' series of postponements on the virtual eve of big fights resulted from a broken hand and a variety of allergies.

48 From 19 Nations in Tennis Meet

By GORDON BEARD
Associated Press Sports Writer
SALISBURY, Md. (AP) — A field of 48 players from 19 nations will begin play in the U.S. National Indoor Open Tennis Championships Sunday as the war between rival factions in the sport continues.

The draw includes defending champion Ilie Nastase of Rumania and last year's runner-up, Cliff Richey, but conspicuously missing are the players under contract to Lamar Hunt's World Championship Tennis, Inc.

William F. Riordan, the tournament chairman who claims he is winning the war, rejected a proposal by Mike Davies of WCT that 21 contract players be entered in the tournament.

"This would have had the effect of dominating the tournament," Riordan said, "with contract players representing 50 per cent of the field, and on top of that, none of the players would have been among the top eight."

Riordan had originally asked for eight WCT players and then upped the list of probabilities to 12 if Davies would include some of his top eight. Davies then offered 21 from the bottom of his list.

"If this is a war," Riordan told a luncheon audience in Annapolis Wednesday, "I think it may already be over, and we've won. They need us more than we need them."

"The appeal of the open," Riordan contended, "has always been widespread because it brought together players from all over the world, professionals and amateurs alike."

"We have a field of 48 players from 19 countries — many of them national champions. Had we acceded to Davies' wishes, the National Indoor Open would have lost its international flavor and the fans would have been cheated out of the best possible tennis."

Richey, an independent pro, finished third behind contract players Rod Laver and Ken

To Name Ship for Negro

WASHINGTON (AP) — The Navy has announced it will name a destroyer escort to be built this spring after the first black naval aviator, Jesse L. Brown.

Brown was killed while flying his plane over Korea Dec. 5, 1950, and was posthumously awarded the Distinguished Flying Cross, Air Medal and Purple Heart.

ONE

will be spent for a much-needed maximum security unit at Cummins. We would also hire 21 parole officers to police and assist parolees in an effort to reduce the most expensive and heartbreaking prison problem — the habitual returnee. Our proposed system is modeled after the highly successful system now employed in Texas.

We would increase our aid to cities and counties by 20 per cent \$2 million a year — for badly needed community improvements.

Arkansas' state employees are the lowest paid in the nation. We cannot continue to expect state employees to subsidize all of us with their work — many of them lifetime devoted servants. \$3.4 million would provide a 1-step pay increase for state employees.

WHERE THE MONEY COMES FROM

There are seven primary revenue sources which would support the general revenue increase. (1) An increase in the individual income tax adjusting the tax brackets so that the higher the income the larger proportionate tax share would be paid. An example would be a percentage of 6 per cent state tax on a family whose income is in the \$15,000 to \$24,999 range while a family's income range of \$6,000 to \$8,999 would pay only 3.5 per cent. A family with an income of \$12,000 with two children would pay an additional \$36.00 a year or 10c a day.

(2) Extension of the sales tax to used merchandise would bring an additional \$3 million.

(3) A sales tax on auto and electrical repairs — \$2.2 million.

(4) Repeal of the use tax exemption for transportation, utility and pipeline companies — \$2.5 million over the next two years.

(5) Removal of cigarettes from sales tax exemption — \$25 million.

(6) Reduction of the discount given to merchants for collecting the sales tax from 2 to 1 per cent — \$15 million.

(7) Increasing the real estate transfer tax to \$1.10 per \$1,000 — net \$500,000 in additional revenues.

An interesting note is that the House Revenue and Taxation Committee unanimously voted to sponsor the Governor's entire tax package. The Senate, traditionally, will give it a rougher time.

In all fairness to Governor Bumpers I feel he has sincerely tried to increase the services of state government in areas where they are needed the most. I also feel that he has made a genuine step toward good government by trying to distribute the increases equitably among individuals, corporations and at the same time increase efficiency in state government.

Reorganization, although now law, has not had time to show its effects through economy and efficiency in government.

Although I support the program specified as beneficiaries for the increased revenues there are specific portions I do not support.

This article is written to inform you of the whys and hows of the program — not to extend my decision on the bills. It is too early for a statement as to how I will vote. That is the beauty of the American legislative process — each consideration will be discussed and needed amendments made. Ideally, we will adopt a bill which will be fair to all.

Fifty per cent of the total package is the increased personal income tax. It will take 75 votes to pass this and I have already heard some talk in the House for a sales tax increase rather than the personal income tax increase. It has been pointed out that only 51 votes would be needed for passage of a sales tax increase. The difference of 24 votes between the two proposals could well be the deciding factor.

Again, let me ask for your opinions and questions regarding the proposed revenue increase. I

Liquor Still, Mash Destroyed Near Here

Last week federal officers along with Sheriff Henry Shnyder, Deputies Howard Milam and Freddie McCulley found this liquor still along with some 600 gallons of mash

some four miles southwest of Washington. Nobody was at the still which was 50 gallon capacity. Officers destroyed the mash and still.

LEGISLATOR ASK (From Page One)

tion of new brackets."

During the campaign against then Gov. Winthrop Rockefeller, a Republican, Bumpers talked about broad-based tax reform. He said in his budget and tax message to a joint session of the legislature last week that his program would give Arkansas "one of the fairest tax systems" in the nation.

Nowotny, considered a potential Republican candidate for governor in the future, reserved judgment on whether he would support the Bumpers proposals, but he said "my feeling is he could have gone considerably further in reforming the tax structure."

The representative said he thought Bumpers' program was "realistic," although not sufficient "by any means to take care of our needs."

"But maybe the people of the state at this time are not able to pay that much more," Nowotny said.

Nowotny said his objections to the income tax bill, which would raise \$15 million of the \$26 million Bumpers seeks, were that it did not exempt from the tax the incomes of persons who earn \$3,000 or less a year, it does not contain a capital gains provision and it adds new brackets at the upper-income levels requiring individuals to pay higher rates than required of corporations.

In addition, Nowotny said, no "proper adjustments" have been made in the bill in the mid-income bracket, "that area that pays all the taxes," for families.

"Our law today, and not changed by the bill, makes only a \$50 difference between a single man in the upper income bracket and a man who has a wife and a family of two children or more," Nowotny said.

He said the cost of collecting the income tax from persons who earn less than \$3,000 — and who are required to pay at a 1 per cent rate — probably was more than the revenue derived.

Nowotny said he thought the increase in the rates of income tax on high incomes probably could be justified, but he said

continually appreciate those letters, telegrams and calls regarding legislation of interest to my fellow Hempstead Countians.

he questioned whether an individual should be required to pay 3 per cent more than corporations at the maximum level.

Under the corporate income tax law enacted in 1969, corporations pay taxes at the rate of 6 per cent on taxable income above \$25,000. Under the Bumpers income tax bill, individuals would pay at the rate of 7 per cent on taxable income from \$25,000 to \$40,000 and at the rate of 9 per cent on income above \$40,000. Under the present personal income tax law, individuals pay 5 per cent on all taxable income above \$25,000.

A number of legislators have complained that the 1969 corporate income taxes were too severe.

Nowotny said he wanted to give Bumpers credit for reform in "closing loopholes," but he added that "there is more to tax reform than just closing a few loopholes."

"There is the concept of giving the tax break where it is necessary and where it is deserved, along with the increases needed," Nowotny said.

The representative said Bumpers had moved toward reform in proposing the elimination of the use tax exemption granted quasipublic corporations and in recommending a reduction from 2 to 1 per cent of the discount merchants receive for collecting the sales tax. He said there was a questionable reform proposed by Bumpers in his bill to extend the 3 per cent sales tax to repair services.

Nowotny questioned the governor's bill to extend the sales tax to the sale of second-hand property such as furniture and automobiles.

"It is the low-income people who buy used furniture and used automobiles because they can't afford the expensive new items," he said. "And I've heard some people question whether this isn't double taxation, since the items were taxed once when it was new."

Decided Boundary

In 1872, William I. German emperor, arbitrated in favor of the United States the dispute over control of the Juan de Fuca Strait, which separates British Columbia from the state of Washington, awarding it to the United States.

ROGERS (From Page One)

to the attitude of their Indo-Chinese allies: North Vietnam, the Viet Cong, the Pathet Lao in Laos, and Cambodian forces loyal to the ousted chief of state, Prince Norodom Sihanouk.

Sen. George D. Aiken of Vermont Wednesday suggested an Asian parley. The lengthy war, he said, has weakened the U.S. presidency and Congress to an extent they would be unable to settle the conflict, even if they could agree on a plan.

Senate Democratic Leader Mike Mansfield agreed. "There isn't anything Congress can do at the moment," except make speeches, he said.

Aiken, senior Senate Republican, said the United States should not set itself up as chief promoter of peace in Southeast Asia. "Our participation, if it is to materialize, should come after the nations there invite it."

He suggested New Delhi as site for such a peace conference, and said he envisions participation by India, Japan, Communist China, the Soviet Union and other Asian nations.

The Aiken proposal was offered as chances dimmed for setting a firm date to end U.S. participation in the longest war in American history.

Mansfield said setting such a cutoff date would "not be the most desirable thing we could do at the moment."

A resolution ending U.S. participation by Dec. 31, already introduced by 21 Senators, led by George S. McGovern and Mark O. Hatfield, was offered in the House Wednesday.

But a reluctance to support it by some of those who backed it last year, including Mansfield and Sens. Edmund S. Muskie, D-Maine, Frank Church, D-Idaho, and Jacob K. Javits, R-N.Y., indicates it faces even tougher going than in 1970, when it was rejected by the Senate 55 to 39.

Javits, meanwhile, said he expects early hearings by the Foreign Relations Committee on his proposal to establish conditions under which an American president could commit U.S. troops to battle in specified emergencies, for up to 30 days, without a formal declaration of war.

After that period, troops would have to be withdrawn unless Congress approved.

Republican Leader Hugh Scott, perhaps the strongest pro-administration voice on the Foreign Relations Committee, opposed the Javits bill, cosponsored by Republican Charles

McC. Mathias Jr. of Maryland and Democrats Claiborne Pell of Rhode Island and William B. Spong Jr. of Virginia.

"I don't believe a commander in chief should be shackled in either his tactical or strategic undertakings," Scott told reporters.

Meanwhile, senior Defense Department officials said fear of an invasion of North Vietnam may deter Hanoi from challenging current allied operations in Laos.

Pentagon spokesmen said they were not forecasting such an attack, but were suggesting the possibility is one the enemy cannot afford to overlook.

South Vietnamese Vice President Nguyen Cao Ky reportedly has said an invasion of the North may be necessary to ensure victory.

CALIFORNIA (From Page One)

ter. City officials said aftershocks from the tremor had caused chunks of earth to slide away from the lip of the fractured earthen dam.

Yorty met with Dr. Charles F. Richter, the seismologist who perfected the scale which measures an earthquake's magnitude, and with police and fire chiefs and other officials.

It was the consensus, Yorty said, that "another earthquake of any magnitude would make it dangerous for people in this area to be in their homes."

Police originally ordered an evacuation until Wednesday afternoon after cracks were detected in the dam and half a 3,000-foot concrete apron slipped into the reservoir.

The mayor recommended that residents stay away until the reservoir's depth was drained to 10 feet, a level expected by Friday afternoon.

Police said permits would be required to enter the evacuated area.

Vice President Spiro T. Agnew and Gov. Ronald Reagan toured the disaster area Wednesday and later met with survivors of the hospital collapse.

Agnew told the injured veterans that President Nixon is "terribly concerned" over the earthquake and wants everything done that can be done to help.

Many of the hospital's patients were getting up for breakfast when the tremor struck at 6:01 a.m. Tuesday.

Would Protect Citizens From Credit Bureaus

By NEIL GILBRIDE
AP Labor Writer

MIAMI BEACH (AP) — A labor group urged today stronger federal laws to protect Americans against the prying and spying of credit bureaus that list everything from salary to sex habits.

The credit industry has developed into a nationwide private intelligence network with files on 110 million Americans that threaten massive invasion of privacy, said a report by the AFL-CIO Maritime Department.

"Invasion of privacy involves 'credit checks,' with the indiscriminate gathering of information about a person—his personal habits, his family affairs, his sexual conduct, his drinking habits, his working relationships, his income, his debts," the report said.

It said credit is crucial to the nation's economy and credit checks are a necessary evil, but should be closely controlled to prevent abuse.

It urged strengthening of the 1970 Fair Credit Reporting Act by forbidding gathering of political, religious and other information that has nothing to do with credit.

The law should also forbid credit firms from selling or giving information to other firms, government agents or individuals who have no business looking at credit information, it added.

MERIT PLAN

(From Page One)

er study.

The bill encountered the stiffest opposition offered any administration bill in the House. It was defeated Monday, but was revived Tuesday when the House decided to reconsider its action. Rep. Boyce Alford of Pine Bluff blocked a vote Tuesday with a minifilibuster.

The proposal would establish procedures supervising the hiring, training, promotion, dismissal and suspension of about 7,000 state employees. An estimated 2,700 to 3,000 other employees presently are under a merit system.

Proponents argued that the bill would protect state employees from the vagaries of politics and prevent hiring and firing for political reasons.

"It's time we moved Arkansas from a patronage system, from a hiring system based on who you know, to a hiring system based on how qualified you are," said Rep. Cal Ledbetter Jr. of Little Rock.

Rep. Hugh Kincaid of Fayetteville said the state could attract and retain qualified personnel if state employees were protected against political abuse.

"I'm for the victor getting the spoils, but what I'm against is the hacks spoiling the spoils," said Rep. James C. Cole of Malvern in support of the bill.

Rep. Frank Henslee of Pine Bluff, however, claimed that the bill would remove state employment from politics. "It will place state employees in a locked-in position of supporting whatever administration is in power at the moment," he said.

Henslee said the bill would place state government "one more step out of the hands of the people." He said it could lead to a "faceless society of Mimeographed forms where the people have no voice and bureaucrats are in control."

Rep. Charles Honey of Prescott said the governor should be able to hire persons who share his viewpoint and dismiss those who don't. He urged the House to tell Bumpers "here today that he's making a mistake" by pushing the bill.

Rep. W. F. Foster Sr. of Engleland said the bill could permit state employees to band together in a powerful lobby.

"This will put them deeper into politics," he said.

The child care proposal passed by the Senate, sponsored by Sen. Virgil Fletcher of Benton, would amend a 1969 law by putting the Health Department's name in each place where the Welfare Department is named in the act. The vote was 27-3.

The bill also would create a nine-member advisory committee, composed chiefly of owners or operators of child care centers, to aid the Health Department in drafting regulations.

The measure is a successor to a bill Fletcher persuaded the Senate to pass earlier that would have permitted the Welfare Department to regulate only child care centers receiving federal or state aid. That controversial measure would have restricted the Welfare Department's regulatory power to about 400 of the state's estimated 1,600 child care facilities.

FUNK & WAGNALLS

STANDARD REFERENCE

ENCYCLOPEDIA

Pick up a volume or two each week when you shop.

Just imagine owning a world famous 25 volume family encyclopedia for only \$1.89 a volume. Starting this week, we're offering the famous Funk & Wagnalls Standard Reference Encyclopedia at that remarkably low price, so you can pick up a volume or two each week when you shop. And to prove to you what a fine value this encyclopedia really is, Volume No. 1 is going on sale for a limited time only, at the trial price of just 25¢.

An exceptionally low price.

The Funk & Wagnalls Standard Reference Encyclopedia can be offered at such an exceptionally low price because it's sold through supermarkets. In fact, the publisher has already sold more than 10 million encyclopedia volumes to smart families through supermarkets across the country.

A quality reference work.

Don't let the low price fool you. This is a quality reference work in every sense of the word. The publishers called upon over 200 leading authorities, experts in their respective fields, including Nobel Prize winners, to help gather the information and to write the easily understandable text. It contains nearly 10,000 pages in 25 beautifully bound volumes, 7,000,000 words, 30,000 subjects. Over 5,000 pictures and illustrations. Plus a full-color World Atlas.

Helps children work up to full potential in school.

Because its clear and concise style makes it so easy to use, the Funk & Wagnalls Standard Reference Encyclopedia is used often. School-age children don't have to be coaxed to consult it frequently. They find new interest and excitement in study periods and their grades can improve noticeably. It's an excellent way to help your child work up to his full potential in school. Parents, too, find it useful and informative.

Hurry... this is a limited offer.

Stop in today and see this outstanding value for yourself. But hurry. Volume No. 1 is on sale for a limited time only, at the trial price of just 25¢. Pick up a volume or two each week when you shop and in no time at all you'll have the complete 25 volume set.

It's everything you'd expect a famous encyclopedia to be.

Much Depends on Federal Reserve Head

By JOHN CUNIFF
AP Business Analyst
NEW YORK (AP) — Throughout history, mankind has seen the failure of one offensive maneuver after another—in politics, war, sports, economics—because somebody was taken for granted or something was assumed to be so.

To the point: Will the Nixon administration win the cooperation of the Federal Reserve and its chairman, Arthur Burns, in

shooting for goals which some authorities fear could contribute to more instability?

The Fed regulates the money supply, which is the essential ingredient in Nixon's economic plan. In the past year, it permitted a growth in money of 5.5 per cent, a figure it thought to be large enough for recovery but small enough to avoid setting off a more dangerous inflation.

Most authorities feel that a higher rate will be needed in 1971. Will it be forthcoming, especially in view of the Fed's well known independence, its obligation to think economics rather than politics, and its fear of inflation?

Public statements so far indicate that cooperation will be

forthcoming, but at a price.

Following release of the President's budget message, Burns indicated that he felt the money would be available, and he specifically praised the President's "vigorous anti-inflationary policy" in opposing a big steel price increase.

But this is the same man who has used several forums recently to plug for other aggressive measures in order to keep wages and prices in a noninflationary area.

Specifically, he has listed for consideration a raft of possibilities that could very well be implemented in coming months. The list is long and detailed and obviously carefully arrived at.

Combat Troops Remaining May Be 100,000

By FRED S. HOFFMAN
AP Military Writer
WASHINGTON (AP) — The number of U.S. ground-combat troops remaining in South Vietnam after May 1 is likely to total more than 100,000 men, rather than the 40,000 to 45,000 predicted by the White House.

The difference lies in the way the term "ground-combat troops" or infantrymen, is used.

The White House appears to

distinguish between such troops when they are assigned a formal ground-combat responsibility and when, in a security role, they are safeguarding American air, artillery and logistics elements supporting the South Vietnamese army.

The distinction was made Tuesday by White House press secretary Ronald L. Ziegler when he confirmed President Nixon has been projecting the 40,000 to 45,000 ground-combat figure by May 1 in briefings connected with new allied attacks on enemy bases in Laos.

Ziegler said the figure does not include infantry security forces protecting American

bases.

With little apparent success, Secretary of Defense Melvin R. Laird has been trying since last spring to prepare the nation for the continued presence of a substantial number of U.S. ground-combat troops in Vietnam after the fighting is handed over to the South Vietnamese, probably by midsummer.

Laird had said the second phase of the administration's Vietnamization program—in which the American military will play only a supporting role for the South Vietnamese—does anticipate that combat forces will remain in Vietnam.

As Laird explained: "They will be assigned a secu-

city mission in order to protect the safety and security of the American forces that are remaining in a support role.

"I would assume that the security forces would constitute from 45 to 50 per cent of the forces left in Phase II"

Assuming the combat mission is transferred fully to the South Vietnamese by July 1, U.S. forces are expected to be reduced to 260,000 or fewer, including as many as 130,000 combat soldiers in a security role.

EASY RIDER—Saigon style. A Vietnamese girl rides her motorcycle in the capital city where motorbikes and cycles are the most popular means of transportation.

Pollution Report Is Knocked Out

By JOHN STOWELL
Associated Press Writer
WASHINGTON (AP) — The chief enforcer of President Nixon's new pollution battle plan has knocked down an earlier presidential report criticized by a Democratic congressman as fostering a "state's right to pollute."

William D. Ruckelshaus, administrator of the Environmental Protection Agency, spoke Monday in terms that appeared to reject five controversial paragraphs of Nixon's Economic Report to Congress last week.

"The separate states of this union compete for industry to provide jobs for their citizens, revenues for government and prosperity for merchants," Ruckelshaus told the Indiana Legislature.

"We cannot allow that competition to lure some states into relaxing their regulatory role at the expense of the environment," he added: "The federal presence behind the states strengthens your role as regulators, insuring that no states should suffer disadvantage because of vigilant protection of its environment."

Rep. Henry Reuss of Wisconsin had criticized a portion of the Economic Report as encouraging states to overlook pollution in their competitive thirst for new industry.

The report said the federal government should set minimum standards for clean air and water and allow "interstate and regional agencies to adopt standards appropriate to local circumstances"

"As industries are forced to bear the costs of using the environment, those who have had high costs will lose part of their market to those with lower environmental costs" it continued.

Reuss said, "Under their philosophy, those with high costs because they have tried to control pollution will lose competitively to those with low costs because they have not. What they are telling us is that if industries in good states go broke, that's just too bad."

The congressman rejected the Economic Report as "sheer nonsense" and called on Nixon to delete the five paragraphs.

The President's environmental message to Congress Monday proposed an ambitious program to combat water pollution, ocean dumping, excessive noise and misuse of insecticides.

It did not carry a complete price tag, but urged spending of \$6 billion over three years to build municipal waste-treatment plants, \$100 million over five years for state land-use programs, an additional \$200 million for the open space program and full funding of \$380 million for more parks in urban areas.

Nixon proposed also a tax on air-polluting sulphur in fuels and lead in gasoline and added, without elaboration, "We must experiment with other economic incentives as a supplement to our regulatory efforts."

The environmental package would give strong, new regulatory powers to the Environmental Protection Agency and raise administrative fines for violations from \$2,500 to \$25,000 a day.

PASS IT ON. Newest communications development seems to be "fire escape network," as illustrated by some workers in Warsaw, Poland, who gathered to pass along "high-level" information.

Kennedy Gets New License
BOSTON (AP) — The state Registry of Motor Vehicles says Sen. Edward M. Kennedy, D-Mass., has been given a new driver's license to replace the one revoked following the auto accident on Martha's Vineyard in which Mary Jo Kopechne drowned.
